Galvin La Chapelle

La Chapelle is housed in a spectacular Grade II listed building, featuring large arched windows, high stone ceilings and an elegant interior.

The restaurant, opened by the Michelin-starred Galvin Brothers in November 2009 was awarded a Michelin-star in 2011 and has retained it for twelve consecutive years.

The modern French menu focuses on excellently executed dishes that revolve around the best seasonal ingredients.

Just moment's away from Liverpool Street station, the venue is perfectly located between The City and Shoreditch and makes an excellent choice for corporate functions, weddings and celebrations.

The restaurant can be hired exclusively, or for smaller functions that utilise our private and semi-private dining spaces.

During the day, the space is drenched in natural light, and in the evening it undergoes a dramatic transformation which shows off the spectacular grandeur of the Grade II listed building.

Michelin-starred Chef Patron Jeff Galvin has created a selection of set menus alongside our Head Chef Arturo Granato which features French dishes with a modern twist. The restaurants team of sommeliers are on hand to recommend wine pairings.

The Arches

To the right hand side of the main restaurant, there are three arches, held up by polished stone columns. These lead to our semi-private dining space, that can be sectioned off with thick curtains.

The space accommodates up to 24 guests for seated lunches and dinners. As The Arches are part of the main dining restaurant, availability is limited, so please speak with our events team about our availability.
