# Paul Jaboulet Aîné

## HISTORY

La Chapelle, the jewel of Maison Jaboulet, has a rich and emotive history.

During the 13<sup>th</sup> century, a knight called Gaspard de Sterimberg settled in the hills of Tain l'Hermitage with the permission of Blanche de Castille. On his return from the crusades, he sought calm and serenity and isolated himself as a hermit, hence the name of the Hermitage appellation. There he built a Chapel, overlooking the Rhône Valley.

La Chapelle endured the passage of time and finally became the property of Maison Paul Jaboulet Aîné in 1919.

Hermitage "La Chapelle" is a blend of terroirs, including the prestigious hillsides of Méal and Bessards. Each one provides its own characteristics, as well as an elegant structure, and great ageing potential.

Grapes are brought down from the slopes of l'Hermitage on small sledges, after which they are sorted by hand and vinified traditionally at the winery.

Final blending is carried out through judicious selection from the different terroirs of l'Hermitage, and is aged in wood at the ancient cellars for up to 18 months.

Since the legendary 1961 vintage, which was classed as one of the "Twelve mythical wines of the 20<sup>th</sup> century", Hermitage "la Chapelle" has become one of the world's most sought-after wines.
